### **2 Commitment to Training**

2.1 Lympstone Parish Council is committed to the ongoing training and development of all Councillors and employee(s) to enable them to make the most effective contribution to the Council's aims and objectives in providing the highest quality representation and services for the people of the parish.

2.2 According to the Chartered Institute of Personnel and Development (2007), training can be defined as:

*"A planned process to develop the abilities of the individual and to satisfy current and future needs of the organisation."*

2.3 Lympstone Parish Council recognises that its most important resource is its Councillors and employees and is committed to encouraging both Councillors and employees to enhance their knowledge and qualifications through further training. Some training is necessary to ensure compliance with all legal and statutory requirements.

2.4 The Council expects employees to undertake a programme of continuing professional development (CPD) in line with the requirements of their requisite professional bodies. In order to ensure CPD, the clerk is encouraged to attend relevant training courses as and when these arise, the cost of which will be met by the council. Such training courses will usually be run by DALC and take place locally.

2.5 Providing training yields a number of benefits:

- Improves the quality of the services and facilities that Lympstone Parish Council provides;
- Enables the organisation to achieve its corporate aims and objectives;
- Improves the skill base of the employee(s), producing confident, highly qualified staff working as part of an effective and efficient team; and
- Demonstrates that the employee(s) are valued.

2.6 Training and development will be achieved by including a realistic financial allocation for training and development in the annual budget, as well as taking advantage of any relevant partnership or in-house provision available.

2.7 The process of development is as follows:

1. Training needs should be identified by considering the overall objectives of the organisation, as well as individual requirements.
2. Planning and organising training to meet those specific needs.
3. Designing and delivering the training.
4. Evaluating the effectiveness of training.

### **3. The identification of Training Needs**

3.1 Employees will be asked to identify their development needs during meetings with Councillors on the Staff and Personnel Committee and at the annual appraisal. Councillors training needs will be identified upon election and during their term of office, as detailed in 3.2

3.2 Other circumstances may present the need for training:

- Legislative requirements i.e. First Aid, Fire Safety, Manual Handling
- Changes in legislation
- Changes in systems
- New or revised qualifications become available
- Accidents

- Professional error
- Introduction of new equipment
- New working methods and practices
- Complaints to the Council
- A request from a member of staff
- Devolved services / delivery of new services
