7th Jan 2026

I am writing to complain about the use of the Church Car Park by the Environment Agency. I attended the meeting in the village hall on 9th Dec regarding the flood defence works & there was no mention that this green area would be used by either EA or Kier & so I do not know who has given permission for vehicles to park there / access Charles Court private road.
The car park is an absolute sea of mud now which is being driven all through Charles Court & looks awful.
There is also the on going issue with damage to the bollards that have been hit so many times by careless drivers making the area not securable & open to miss use & again a general eyesore.
Whilst I am writing to you I may as well also mention the dog mess in the wildlife flower meadow & front meadow- both these areas have become dog exercise areas & not the intention of the original purpose of the green spaces . We see many people walking dogs off lead with light up collars at night , clearly making clearing up dog mess not possible. Are the PC going to address this issue? Signs for dogs to be kept on leads would be helpful.

Below are photos from today :

Regards,

Bea Cox
